PARTNER WITH CANADA'S SEMICONDUCTOR COMMUNITY

The 21st Canadian Semiconductor Science and Technology Conference (CSSTC 2026) brings together leading researchers, industry experts, students, and innovators working across semiconductor materials, devices, fabrication, characterization, and applications.

Gain visibility with a highly targeted, technical audience

Showcase your commitment to the Canadian and international semiconductor ecosystem

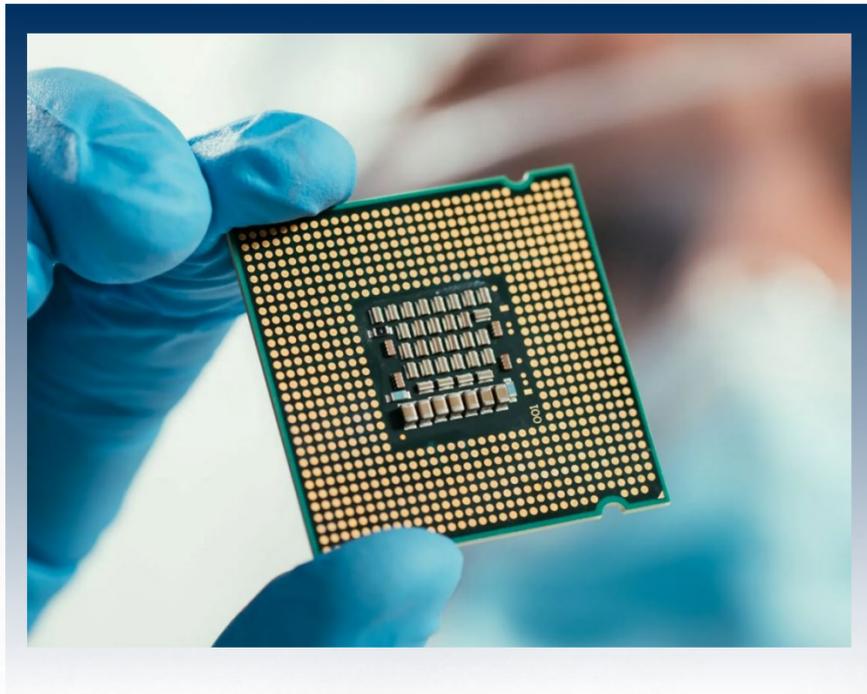

Connect with top graduate students and postdoctoral researchers

CSSTC has a strong tradition of close interaction between academia, industry, and government, making sponsorship a high-impact and cost-effective way to reach the community.

CONFERENCE AT A GLANCE

Format

Plenary talks, invited & contributed oral sessions, poster sessions, tutorials, panels, and student awards

Topics

1. Epitaxy, materials, characterization
2. Electronic, sensors, solar
